EMPLOYMENT

The New School, New York: June 2019- present

Vice Provost for Global Strategic Initiatives
Provost's Office, The New School

Parsons School of Design, The New School, New York: August 2017- present.

Associate Professor, Strategic Design and Management, School of Design
Strategies, Parsons School of Design

Responsibilities:

- 1) In newly created role of Vice Provost for Global Strategic Initiatives in the Provost's office, responsible as lead academic to support the university's efforts to unlock innovative spaces for learning, research and partnership with the offices of Global Partnerships, Corporate Partnerships, Curriculum and Learning, and Open Campus (online and continuing education). Lead Academic representative in the Provost Office to co-create and lead academic strategy on partnership assessment and

execution and provide high-level support and advisement to faculty and staff stakeholders on programmatic frameworks, content, evolution, and follow-up for projects undertaken by these offices. I also partner with the executive leadership and divisional academic leadership of the university to develop curricular or institutional collaborations, support the implementation of university-wide strategy and coordinate substantive partnership efforts.

- 2) As full-time faculty at Parsons, in charge of teaching 2 graduate seminar courses a year in the School of Design Strategies in the MS in Strategic Design and Management and/or in the MFA in Transdisciplinary Design and lending service on various committees across the school. Initially recruited to co-chair of the Management Initiative at The New School, an integrated approach to the conception and delivery of new interdisciplinary research, external partnerships and curricula and co-curricular initiatives focused on a new vision of management education for the 21st century driven by principles of design, creativity and social justice. Responsible for overseeing a committee that generated a new conceptual framework for Management now being implemented widely across the institution from messaging (university website) to program reviews and new development of program offerings. Current engagement in management supports a) coordination for a new faculty group in School of Fashion and School of Design Strategies that will design a new BBA in fashion business and an undergraduate minor in same field and b) the design and direction of a custom executive education leadership program for the senior management of GUCCI.
- 3) CUMULUS President, leveraging this service role for identifying and developing new academic opportunities for international engagement for Parsons as well.

ArtCenter College of Design, Pasadena, 2000-2017

Vice-President, Designmatters Department (position reported to the Provost), 2008-2017

Director, International Initiatives Department and Director, Designmatters Program, 2005-2008

Program Director, International Initiatives Department and Co-Director, Designmatters Program, 2003-2005

Program Liaison and Co-Director, Designmatters Program, International Initiatives Department, 2000-2003

Leadership Accomplishments in Curricular Design, Program Operations, Strategy, Media, Fundraising and Team Management:

- Within six-months of joining the college, co-founded the Designmatters program with former senior VP of International Initiatives and assembled a task-force of staff, faculty and alumni to build the program with collective buy-in and connection to the cultural fabric of the institution. Managed the task-force for the 2 first years of the program until the group was dissolved when Designmatters was up and running. Offered stewardship to the task force and helped articulate the vision and mission and operational focus of Designmatters. Developed with the task force 4 thematic streams for engagement (public health, sustainable development, social entrepreneurship and public policy) to organize criteria for the initial portfolio of educational projects, research and co-curricular initiatives of the program.
- Participated in ArtCenter President's Koshalek 2001-2002 consulting committee that developed foundational recommendations for the curriculum of a new private art and design institution of higher learning in Mexico City which would become CENTRO (<http://centro.edu.mx/CENTRO/>).
- As lead strategist for the international outreach of Designmatters, established a number of key formal affiliations for the college with United Nations and multi-lateral bodies that brought unique access and external expertise and resources for the experiential design curriculum of Designmatters. These affiliations include ArtCenter's ongoing non-governmental organization status with the United Nations Department of Public Information (DPI); its Civil Member Organization status with the Organization of American States (OAS); its non-governmental organization status with the UN Population Fund.
- In 2006, in order to expand on funded internship opportunities for students, conceived and launched the [Designmatters Fellowship Program](#), an honors internship program that places the most talented ArtCenter students every semester in international development organizations, government agencies and industry focusing on social innovation initiatives. Developed the business model for the program, which is funded by private philanthropy, foundations and host organizations. Oversaw the program's expansion for 3 to 9 Fellows a year by 2017.
- Conceived with ArtCenter President Richard Koshalek *The Los Angeles Earthquake Get Ready Project* (a 3-year public awareness multi-media curricular and publication on design for disaster preparedness), raised \$500,000 for the the initiative

and established the partnerships with government agencies and academic institutions including the US Geological Survey, Caltech, USC's Annenberg School for Communication, the Norman Lear Center, the Institute for the Future, and others to implement the project. In this context, became a steering committee member and lead for ArtCenter on the 1st state-wide initiative for earthquake preparedness (2008), the Great Southern California Shake-Out, now an annual preparedness event state-wide.

- In 2008, oversaw the transition of the Designmatters program from a college-wide initiative to a non-granting academic department reporting to the Provost with a dedicated staff of 5.
- In 2009, launched the **Designmatters Concentration**, a pathway of courses for students of all undergraduate departments to specialize in art and design for social innovation.
- Secured the funding and helped launch the pilot implementation of the *ArtMatters Initiative* in the Fine Art Department (2013-2015): a two-year series of experimental, art-based courses focused on community engagement and social justice funded by the Surdna Foundation.
- In 2013 with the Student Office of Academic Affairs, conceived the Student Leadership Educational and Development (SLED) grants, a college-fund to catalyze opportunities for students to pursue extra-curricular activities and programs that foster skill development in domains of leadership, social justice, community and enterprise.
- At the graduate level, co-designed and lent senior management support to Chair Anne Burdick in the award-winning **MFA track in [Media Design Practices: Field](#)** (launched in 2011; 1st prize Core77/educational initiatives, 2014) an immersive MFA focused on issues of design, communication, technology and public policy where students conduct research through a field practicum in collaboration with an external partner. Was responsible for establishing and managing the ongoing partnership with the Innovation Unit of UNICEF and UNICEF country offices (Uganda and now Mexico) that serve as context for the program's global and experiential set of offerings.
- Over the span of leadership for Designmatters, curated a portfolio of more than 150 partnerships with external organizations that resulted in a multi-million dollar body of work over 15 years of leadership via external revenue funds through private philanthropy, fees for service and foundation grants for the college, prestigious international and national awards and critical press and exposure, including the inclusion of Designmatters student projects in all 3 Cooper-Hewitt National Design Museum "Design with the Other 90% " exhibition series.
- Served as Principal and Co- Principal Investigator on select number of research grants funded by national foundations (NEA; Surdna; Nathan Cummings; Packard; Autodesk Foundation; etc.) often in collaboration with other academic institutions in the US, typically for trans-disciplinary projects that engage art or design with domains such as engineering, public health, business and science (i.e. select past grants awarded have been in collaboration with the University of Southern California (Keck School of Medicine and Annenberg School for Journalism), and with science-based organizations such as the Aquarium of the Pacific Long Beach, and government bodies such as the US Geological Survey (USGS)).
- As Principal spokesperson for Designmatters, ensured that programs and projects of faculty and students were constantly presented in a strong, positive image, garnering consistent critical press in more than 100 international and national media outlets over leadership tenure of the Department.
- Developed a local, national and global network of organizational and academic partnerships for Designmatters, conceiving and implementing art and design for social innovation projects with consortia of collaborators in the public and private sector and academic institutions including: The University of Southern California Keck School of Medicine, the Annenberg School for Communications, The Norman Lear Center, the Marshall School of Business; Caltech's Mechanical Engineering Department; the Office of the Mayors of Pasadena, Los Angeles, Long Beach and Santa Monica; the Long Beach Aquarium of the Pacific; the Center Theater Group; Children's Hospital, Los Angeles; Flintridge Center; the Los Angeles Unified School District; the Pasadena Unified School District; the Pasadena Department of Housing; the Los Angeles Central Library; the Yale School of Management; Princeton School of Engineering; the American Cancer Society; the Red Cross; COANIQUEM; Techo; Doctors without Borders; the International Rescue Committee; UNESCO; UNICEF; the UN Development Programme; the UN Population Fund; UN Women; the World Health Organization; GE Healthcare; Mattel (Barbie); Whirlpool and several other NGOs nationally and internationally.
- With multi-disciplinary faculty teams, cocreated and managed more than a dozen award-winning global experiential design courses with study abroad trips to Latin America (e.g. Chile; Peru, Colombia, Guatemala, Mexico, and Cuba) and in emerging market contexts (e.g. Bangalore, India; Kampala, Uganda; Shanghai, China), serving as lead editor for project publications and student exhibitions associated with some of these courses.

- Nurtured a culture of faculty enrichment opportunities, mentorship and research through the programs and initiatives of the department including launching the Designmatters DESIS Lab in 2010, which facilitated the sharing of practices in design for social innovation with the prestigious network of [DESIS](#) faculty internationally.
- Conducted master classes in diverse courses at the undergraduate level for the Humanities and Sciences Department and Designmatters trans-disciplinary courses; served as adjunct faculty with the Media Design Practices Program leading one annual seminar course in critical practices focused on design for social innovation and/or design for international development; served as thesis advisor for 3-4 students in the same department for the Field track.
- Leveraged executive board appointments (2013-2016 and 2016 – current) with [CUMULUS](#) (the International Association of Universities and Colleges of Art, Design and Media), facilitating access for the ArtCenter study away office to formalize a number of strategic MOUs for student exchange and project-based collaborations with other art and design universities in Scandinavia, Latin America and Asia.
- Building on the success of the Designmatters Concentration worked throughout 2016 with the Provost, Department Chairs and Designmatters staff to design the [Designmatters Minor in Social Innovation](#) for undergraduate students. Oversaw the launch of the Minor in 2017 with a cohort of 60 students and an initial graduating group of 14.
- Served a 2- year appointment (2015-2017) as co-chair of **ArtCenter's Chair Council**, the senior educational leadership group of the college (a peer-nominated position; department chairs at ArtCenter are equivalent to school deans at Parsons). Helped strengthen and redesign governance processes with the group to transform the council into a collegial, responsive management and shared governance group that advanced curricular innovation initiatives at the college and functioned effectively. Led the group to draft formal governance bylaws that were ratified by the administration of the college. Worked as a liaison for chairs council with other shared-governance committees including Faculty, Staff councils and student government. Led the council to effectively communicate priority areas and policy recommendations as well as object to policies that were perceived counter to the educational excellence mission of the college. Successfully worked with the office of academic affairs, the office of the Provost and the Executive Cabinet of the President in this role.
